

COUNTRY HEALTH SA RIVERLAND TRANSITION TO PROFESSIONAL PRACTICE PROGRAM 2011

The Health Units of the State's Riverland are offering a unique opportunity for newly graduated Registered Nurses to participate in a 12-month graduate program that offers a diverse range of clinical experiences complimented by a relaxed country lifestyle.

Why apply for the Riverland?

The blend of Lifestyle and Experience.

The Riverland is an easy drive from Adelaide and is home to some of the most scenic areas in the state. The showpiece of the region is the picturesque River Murray and environs. Imagine finishing duty for the day and still having time to unwind with a picnic, ski or a bush walk. No need to "get away from it all" because you're already there. Aside from its natural beauty, the areas regional towns offer well appointed amenities and much in the way of social and sporting activities.

The Campuses vary in size and function and offer a broad and challenging range of surgical, medical, maternity, aged care, theatre, accident and emergency and outpatient services. Positions will be offered at all Health Units and applicants will be asked to prioritize which site they prefer.
